Berrybank 1 Wind Farm

Welcome to Philip

GPG is happy to introduce our new member in the Berrybank team. **Philip Beattie** has commenced as the new **Community and Stakeholder Engagement Officer** for both Berrybank Stage 1 and Berrybank Stage 2 Wind Farms.

Phil has taken over the role from Nathan Micallef who is moving on to a new challenge in the sector. We would like to thank Nathan for his work during the last three years.

Phil has spent a number of years working with local community groups and brings with him a wealth of experience and skill in the community sector that will be really valuable in this new role.

Phil can be contacted about the Berrybank 1 or 2 Wind Farms, through our project specific email address at: berrybank1and2windfarms@globalpower-generation.com.au or you can still contact him directly by phone: 0400 403 282, or email: philip.beattie@globalpower-generation.com.au.

He will be **available on site** on **Mondays, Wednesdays and Fridays** from **9:00 am to 5:00 pm**. On Tuesdays and Thursdays, he will be also available by phone or email.

Community Engagement Committees

We are still looking for local community members to fill **vacant positions** on both Berrybank 1 and Berrybank 2 Wind Farms committees. CEC meetings are held on the first Monday of every second month with the next meeting to be held on **Monday 7th July at 10am**, at Berrybank Public Hall. If you are interested in joining the committee, please contact Phil Beattie at philip.beattie@globalpower-generation.com.au or phone **0400 403 282**.

Berrybank Wind Farm Grant Programs

Applications for the **Berrybank Wind Farm Project Grants Program** and **Berrybank Wind Farm Leverage Grant** program **closed on Monday 23rd May**. By partnering with the **Corangamite Shire Council**, both programs provide financial assistance to local groups and individuals that **support local community projects** operating within **75 kilometres of the Berrybank Wind Farm**. These grants can include community, environment, facilities, events or other beneficial projects.

The **Golden Plains Shire Council** grants applications **open in September**.

More news about the successful applicants in this community initiative to follow.

Operations Update

The operations team continue to work on maintenance:

- **quarterly maintenance** is now **100%** complete
- **yearly maintenance** is at **77%**

The **availability of the wind farm** is at **99.26%**, which we are maintaining as highest availability in Victoria. This is above and beyond our expectations for a first year in operations.
